Dear Sir/Madam

RE:APPLICATION FOR AN EMPLOYMENT OPPORTUNITY
I'm currently in my final semester at Makerere University doing a bachelor's degree in software engineering. I'm excited to be applying for the position of a graduate trainee Information technology at infectious Diseases Institute. I have worked as React Front-end Software Developer at Red Tokens Solutions,I learnt about different techniques to design organized systems and have improved my IT skills for the past months. I am delighted by the opportunity to apply my knowledge and skills at infectious Disease institute
I have trained and worked with the three companies mentioned in my resume which have equipped me with different IT Skills and knowledge. I would like to thank you for your time and consideration. I'm looking forward to learning more about this field and other new changing technologies. My goal is to continually improve in this field and working for the progress of the team.
Yours Sincerely,
